The Story

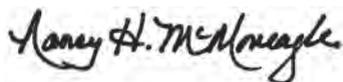

Nancy Penn Monroe, wife of Robert Monroe and co-founder of The Monroe Institute, inspired the creation of the Dolphin Energy Club (DEC) in 1991. Following an outpatient chemotherapy treatment for breast cancer, Nancy noticed her hand swelling and turning deep gray. It doubled in size as she watched. Her primary doctor was unavailable, so Nancy and her friend Shay St. John discussed what she should do. Shay remembered hearing that bottlenose dolphins assist killer whales in birthing. She said to Nancy, "Let's make the dolphins the midwives of your healing right now!"

They sat quietly and visualized seven energy dolphins flowing through Nancy's bloodstream. The two friends concentrated on the dolphins and asked them to devour the excess chemo. In amazement they watched as Nancy's hand returned to a normal color and size.

Later they shared that wonderful healing experience with their husbands. Bob Monroe was inspired by parallels between the reported effects of dolphin sonar and the effects of binaural beat frequencies. Based on their enthusiastic brainstorming session that evening the Dolphin Energy Club was conceived. Its mission—to offer healing energy to those in need of emotional and physical support. A unique training system for DEC providers was developed using special Hemi-Sync® frequency patterns.

“... Huge numbers of dolphins surrounded me.

I was blissed out. I ‘knew’ [my cardiac catheterization] would go well. Afterward, the cardiologist was puzzled. The cath results were normal.

Entirely normal. ‘I don’t believe this,’ he said, ‘a forty-five-year-old diabetic with markedly elevated cholesterol should have some plaque in his arteries. You don’t have anything. I can’t explain it.’

I can explain it with three letters: D-E-C.

I haven’t had any chest pain since.”

How It Works

DEC members are part of a community of hundreds of individuals worldwide who serve those who need and request our help. Amazing “rebounds” and healing have been reported and DEC energy has also eased the transition into physical death.

Members receive a special audio CD containing Hemi-Sync® frequency patterns designed from EEG brain mapping studies of talented healers.

When a request for assistance comes to us, we galvanize the DEC network via email, asking members to provide focused healing intent for the individual. The verbal guidance on the DEC CD helps members develop an intimate, personal partnership with dolphin awareness to facilitate this service.

There is only one rule for DEC members. An individual requesting DEC support must do so directly or give permission for another to do so on their behalf. DEC healing support is free to anyone, or any creature.

Your DEC membership is a U.S. tax-deductible gift and an investment in:

- Research
- Scholarships
- Programs
- Veterans Fund
- Campus Revitalization
